

H2205T

Standard product of 21.5-Inch all-in-one machine

With its compact design and versatility, the 21.5-Inch embedded all-in-one machine is suitable for various areas including retail, healthcare, industry, transportation, education, finance, intelligent buildings, security, entertainment, and logistics, meeting the needs of different scenarios.

Application Areas

Retail & catering

POS system: for cash register and order management
Self-service ordering machine: for self-ordering and payment of customers.
Digital signage: for display of promotional information and advertisements.

Transportation

Intelligent transportation system: for traffic monitoring and traffic violation handling.
Self-service ticket vending machine: for passengers to buy tickets and make inquiries by themselves.

Intelligent buildings

Building self-control system: monitor and manage building devices.
Access control system: for identity verification and access control.

Logistics

Warehouse management: for inventory management and cargo tracking.
Logistics terminal: for operations and information entry by couriers.

Healthcare

Medical terminal: for registration, payment, and medical history management.
Medical image display: for viewing medical images, such as X-ray images and CT images.

Education

Multi-media teaching: for interactive teaching and courseware display.
Electronic reading room: for students to access electronic resources.

Security

Monitoring center: for real-time display of monitoring footage.
Security terminal: for security system operations and alarm handling.

Industrial control

Industrial automation: for monitoring and control of production lines.
Data acquisition and monitoring: real-time acquisition and display of production data.

Finance

Self-service terminal: for ATM services and self-inquiries.
Counter terminal: for handling of bank counter services.

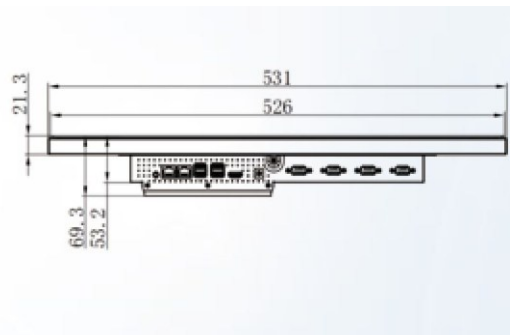

Entertainment

Recreational machine: for arcade games and interactive entertainment.
Information inquiry terminal: to provide information inquiries of entertainment venues.

Technical Specification

Model	H2205T
Display size	21.5"
Resolution	1,920 × 1,080
Dot patch	0.08265 × 0.24795 mm
Brightness	150–250 cd/m ² Typ.
Contrast	1000:1 Typ.
Viewing angle	L/R 178°, U/D 178°(CR>10) Typ.
Response time	14 ms Typ.
Input signal interface	CPU: i5-8365U RAM: 16 G DDR3 Storage: 512 G SSD LAN: Gigabit network WIFI: 802.11b/g/n PC I/O port: USB 3.0*4 RJ 45*2 Audio*1 COM*4 OS: Linux/Windows
Output signal interface	HDMI-OUT
Dimension	531 (W) × 324 (H) × 69.3 (D) mm
Net weight	5.62 ± 0.5 kg
Input voltage	DC 12 V
Power consumption	60 W MAX
Energy conservation	EPA, VESA
MTBF	>30,000 h
Ingress protection rating	IP20
